North Central Region Manager (OWRD)

Overview

- History of the Walla Walla Basin
- Brief Retrospective of Water Planning
- Developing a 30-year Water Vision (aka “Walla Walla Water 2050 Plan”)
- WWW 2050 Governance Structure
- Update on Plan Implementation
- Looking Ahead

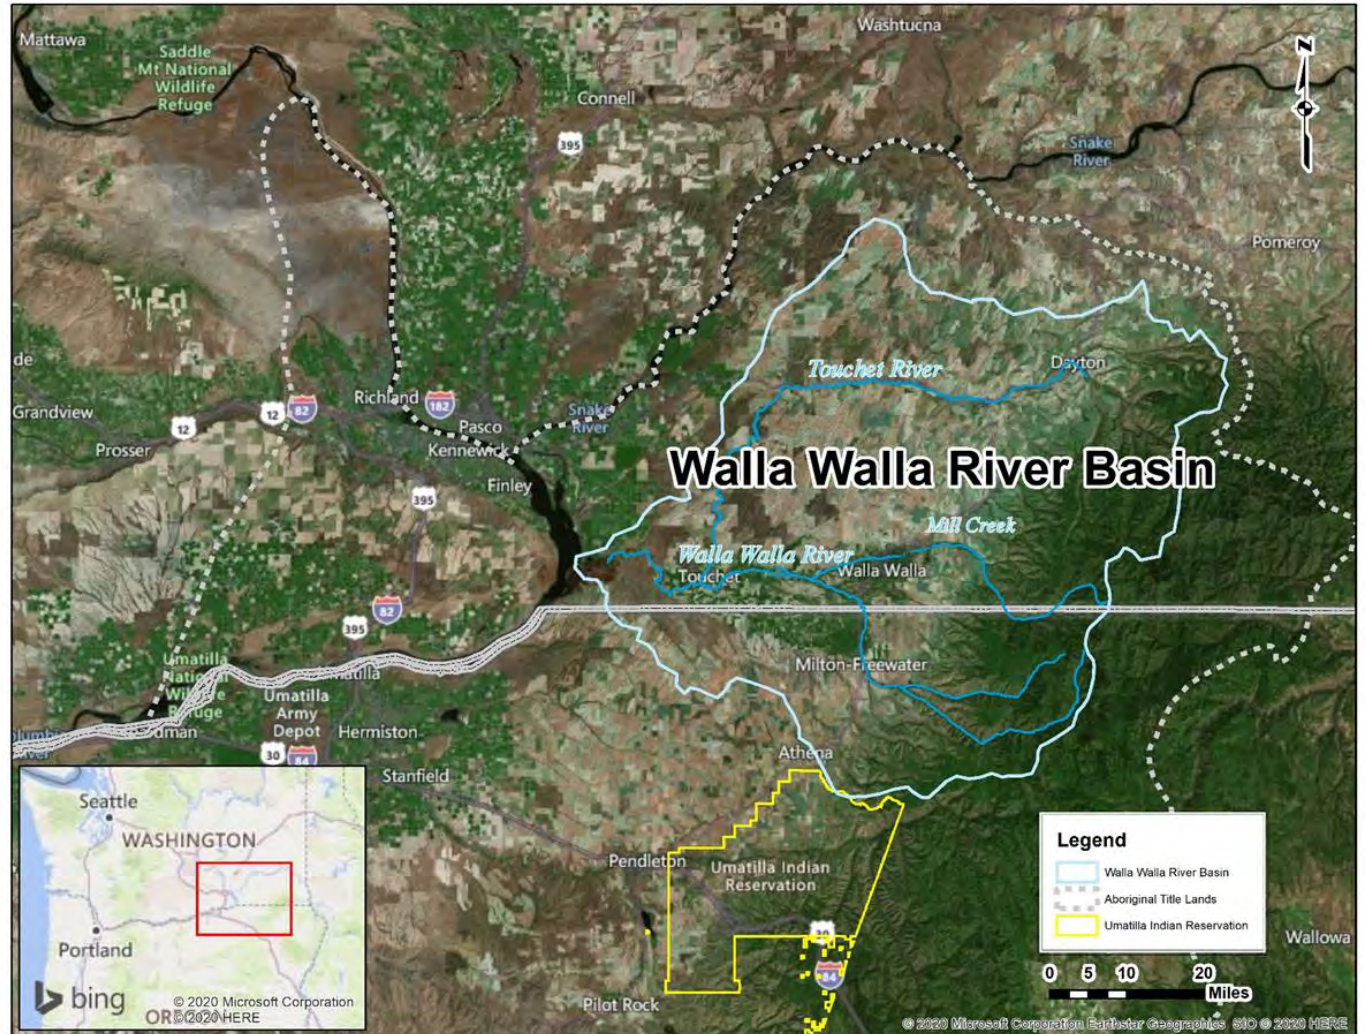

History of the Walla Walla Basin

OREGON

WATER RESOURCES
DEPARTMENT

History of the Walla Walla Basin

Walla Walla River mainstem in July.

- Homeland of the Umatilla, Cayuse, and Walla Walla Tribes;
- Treaty signed on banks of Mill Creek in 1855;
- Treaty (Article I) reserved Tribes' right to take fish at all ***“usual and accustomed stations”***;
- Since time immemorial, salmon of critical importance to the culture and subsistence of the Tribes;
- By early 1900s, Chinook salmon driven to extinction in the Walla Walla as a result of irrigation diversions.

Brief Retrospective of Water Planning in the Basin

OREGON

WATER RESOURCES
DEPARTMENT

Small flume by which water is carried to the field and delivered into the furrows.

Retrospective of Water Planning

- **USACE Feasibility Study (2002 - 2014)**
 - Studied water alternatives to address supply needs;
 - Unsuccessful due to a lack of state engagement and the inability to protect flows across state line
- **Walla Walla Watershed Management Partnership (2008 - 2020)**
 - Studied water alternatives to address supply needs;
 - Unsuccessful due to a lack of state engagement and the inability to protect flows across state line
- **Walla Walla Water 2050 Plan (2020 -)**
 - Studied water alternatives to address supply needs;
 - Succeeds due to state engagement and the ability to protect flows across state line?

Tri-Sovereigns' Commitments

OREGON

WATER RESOURCES
DEPARTMENT

- Long-term commitment to Walla Walla Basin watershed health
- Retain quality of “The Land of Many Waters”
- Achieve meaningful fish recovery
- Balance public water resources and public funding for both instream and out-of-stream needs
- Manage surface water & groundwater conjunctively and consistently across the bi-state Walla Walla Basin
- Plan for climate change and water reliability now and for future basin inhabitants

Tri-Sovereigns' Role

OREGON

WATER RESOURCES
DEPARTMENT

- Make decisions on issues/recommendations provided by advisory committee
- Coordinate with CTUIR Board of Trustees and/or Governors' Offices
- Develop Bi-state water management options
- Provide guidance to agency/tribal technical staff

Update on Plan Implementation

Update on Plan Implementation

OREGON

WATER RESOURCES
DEPARTMENT

- Legislation in 2023
 - Washington 2nd Substitute HB 1322

SECOND SUBSTITUTE HOUSE BILL 1322

Passed Legislature - 2023 Regular Session

State of Washington 68th Legislature 2023 Regular Session

By House Capital Budget (originally sponsored by Representatives Rude, Chapman, Klicker, Lekanoff, and Reeves; by request of Department of Ecology)

READ FIRST TIME 02/22/23.

1 AN ACT Relating to the Walla Walla water 2050 plan; amending RCW
2 90.90.020; and adding a new section to chapter 90.90 RCW.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Update on Plan Implementation

OREGON

WATER RESOURCES
DEPARTMENT

- Legislation in 2024
 - Oregon SB 1567

82nd OREGON LEGISLATIVE ASSEMBLY--2024 Regular Session

Senate Bill 1567

Sponsored by Senators HANSELL, MANNING JR, Representatives LEVY B, HELM, SMITH G; Senators FINDLEY, WAGNER, Representatives ANDERSEN, CONRAD, GAMBA, HARTMAN, MCINTIRE, OWENS, WRIGHT (Presession filed.)

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure **as introduced**. The statement includes a measure digest written in compliance with applicable readability standards.

Digest: The Act tells an agency to take actions on water in the Walla Walla River Basin. (Flesch Readability Score: 63.6).

Directs the Water Resources Department to take certain actions related to the Walla Walla Water 2050 Strategic Plan.

A BILL FOR AN ACT

1
2 Relating to the Walla Walla River Basin.

3 **Be It Enacted by the People of the State of Oregon:**

4 **SECTION 1. (1) Consistent with all other Oregon laws, the Water Resources Department**
5 **shall collaborate with the Confederated Tribes of the Umatilla Indian Reservation and the**

Update on Plan Implementation

OREGON

WATER RESOURCES
DEPARTMENT

- Bi-state water management framework – legal options analysis
 - Required to develop under HB 1322 (WA) and SB 1567 (OR)
 - WA Legislative report currently being drafted
- USGS Groundwater Basin Study
 - Data collection nearly complete
 - Final report scheduled to be published in late 2025/early 2026

Update on Plan Implementation

OREGON

WATER RESOURCES
DEPARTMENT

- Bi-State Flow Study
 - Evaluating water supply projects
 - Primary focus on restoring flow in the Walla Walla River
 - Project selection in 2024
- US Bureau of Reclamation Basin Study
 - Calculate basin surface water supply and demand
 - Development of a Riverware model
 - Evaluate water supply projects to ensure goals are met

Future Action

OREGON

WATER RESOURCES
DEPARTMENT

- Continued focus on plan implementation
- Implementation of HB 1322/SB 1567
- Develop legislative reports by 2025
- Refine Bi-State Flow Study to select project alternative
- Continue outreach to basin partners, agencies, and state and federal delegations

Thank you!
